PROFESSIONAL SUMMARY

MBA candidate in Corporate Finance with professional experience across business analysis, market research, and data-driven decision-making. Proven ability to deliver competitive intelligence, financial modelling, investor-grade materials, and strategic frameworks in cross-functional multinational environments. Proficient in leveraging AI tools to maximise analytical output. Targeting a Business Analyst role in insurance and financial services.

EDUCATION

ISTEC Business School MBA in Corporate Finance	Paris, France	Expected June 2026 GPA: 14 / 20
Aurora's Degree & PG College BBA in Business Analytics	Hyderabad, India	Completed Nov 2022 GPA: 8.85 / 10

PROFESSIONAL EXPERIENCE

Market Research Analyst Intern

Certiff B.V. — Netherlands (Remote)

May 2025 – September 2025

- Led market research on funding opportunities, grants, and strategic partnerships for **SkillsPass**, a digital certification platform targeting construction and infrastructure sectors.
- Identified potential market entry points in **Bulgaria** and other international markets, delivering actionable business development prospects to the founding team.
- Conducted competitive and market analysis across **5 key rivals** (Accredible, Credly, Certwell, Certif-ID, HandsHQ), evaluating positioning and solution viability in the blue-collar certification space.
- Supported preparation of investor materials and strategic recommendations for a cross-border remote team, contributing to a high-impact Deutsche Bahn partnership pitch.

Data Analyst Intern

Artificial Penetration Software Solutions Pvt. Ltd. — India

March 2023 – October 2023

- Built interactive **Power BI dashboards** and analytical reports for senior stakeholders, streamlining operational decision-making and reducing manual reporting effort.
- Performed data extraction and transformation across multiple databases; cleaned and validated large datasets to improve data quality and reliability.
- Delivered data-driven insights and process-improvement recommendations supporting business performance reviews and operational strategy.

PROJECTS

Market Expansion Strategy Consultant — MBA Project — AgileWater.fr, France

- Conducted a full **market feasibility study** for Kenya entry, analysing regulatory, competitive, and industry landscape to validate commercial viability.
- Developed a strategic financial plan projecting **€70K entry cost** and **€225K revenue** at 5% market penetration with clearly defined operational KPIs.
- Defined production benchmarks (€0.06/L unit cost; 270,000 L/day capacity) and supported partnership discussions targeting **60,000+ beneficiaries** per unit.

SkillsPass PoC — Deutsche Bahn Partnership — Certiff B.V., Netherlands

- Mapped DB's critical **knowledge-retention crisis** in Construction & Project Management, converting stakeholder pain points (incomplete handovers, repeated mistakes, onboarding delays) into a structured problem statement.
- Co-designed a **digital credential wallet** (SkillsPass) with peer-reviewed experience badges and a 4-level staff-ranking framework to enable structured knowledge transfer across teams.
- Structured a **6-phase implementation Gantt** covering needs identification, validation, solution building, testing, and stakeholder reporting for a 100-day PoC.
